Post padding for "SRX" volleyball posts (PAIR)

08429C01AA

Details

PVC covered heavy duty foam post pads with an internal fabric lining to protect the posts, to suit a wide range of volleyball posts.

These pads suit:

- Fixed Height SRX volleyball posts
- Telescopic SRX volleyball posts
- Any round or oval section volleyball posts with approximately 80mm to 100mm diameter

These pads are attached using the integral VELCRO® fasteners.

The pads are available in a wide range of PVC colours. The fasteners are not available in all colours of PVC so we will provide fasteners in the best complementary colour available (which may be black, grey or white in some instances) - if VELCRO® fastener colour is important to you please confirm the colour availability prior to ordering.

We manufacture the padding in red PVC as standard but it is available in any of our wide range of PVC colours.

The padding is also available in fully digitally printed PVC with any images you require such as logos, straplines, graphics, photographs etc. We do not provide design work so you will need to submit artwork in our specified format: A vector graphics format (e.g. pdf) in a ratio of 2500mm x 1000mm (with a visible area of 1865mm x 425mm. The image can cover the entire larger area, but only this smaller area will be visible when the padding is attached - although you should extend the background colour over the entire larger area to ensure plain white PVC is not visible). The graphic file must include the background colour you require as we simply print the image on white PVC. If you order digitally printed post pads we will contact you to arrange the artwork.

Price shown is for a PAIR of pads to suit two posts

PLEASE NOTE: This padding is compatible with all similar volleyball posts from other manufacturers with

approximately 100mm or smaller diameter posts

SKU	Options	Available Colours
