Stump - Large

Details

The Stump is the newest module element from Cube Sports of Germany.

It is a six module sides with 36 plug-in connections which allow a further expansion of the training spaces in all different directions!

More creativity during the installation: the six sides of the Stump offer exercise opportunities in combination with Cubes, Walls and/or other Stumps

This large stump measures 1m x 1m x 0.6m high

Also avaiable at additional cost is an 80mm thick padded top to provide a cushioned working / exercise / landing area on the top of the stump.
