JOOLA - 3000 SC PRO table tennis table

24_JT1153X

Details

The Super-Compact 3000 SC PRO provides a table with a compact storage footprint of 66cm x 166cm. This table is availalable in an "accessible" version which has the front legs positioned further under the table than standard to allow for wheelchair acces under the table.

The table is supplied in blue as standard from stock. Green is available but may be subject to longer lead time - we will contact you to confirm lead time if you specify green.

- 25mm JOOLA competition table top
- extremely fast playing surface through special processed Polyester coating
- metal frame 50 mm
- Super Compact System – very easy to set up and dismantle
- 4 oversized central wheels, two fitted with brakes
- stable, powder-coated metal undercarriage
- solid rubber height adjusting feet on each corner leg
- corresponds with EN 14468-1A

This table is supplied without a net and post set which must be ordered separately - see the accessories listed for our recommendation

PLEASE NOTE: This table is supplied to order and may be on extended lead times. Please contact us to confirm lead times prior to ordering if your purchase is time-sensitive
