

Safety mat / crash mat - PVC

02290FYYY

Details

Safety mat "crash" mats for gymnastic landing activities

The mats have a combustion modified foam core. These wipe-clean PVC covered mats feature a removable cover secured with a zip fastening to enable easy replacement of cover or foam inner. (Also available with a soft touch cotton canvas cover - see here for details)

If two safety mats are to be used adjacent to each other to create a landing area it is always recommended to use an agility mat on top of the landing area to ensure feet cannot go through the gap between the mats.

Please note that safety mats must not be dragged using the handles as this can damage the covers and handles. The mats should always be picked up using the handles and carried.

Safety mats are available in a wide range of sizes, dimensions, colours and cover types:

Sizes:

- 1.8m x 1.2m x 100mm (6' x 4' x 4")
- 1.8m x 1.2m x 200mm (6' x 4' x 8")
- 2.4m x 1.2m x 200mm (8' x 4' x 8")
- 2.4m x 1.4m x 200mm (8' x 4'6" x 8")
- 2.4m x 1.4m x 300mm (8' x 4'6" x 12")
- 3.0m x 1.5m x 300mm (10' x 5' x 12")

Cover:

- PVC - more durable and easier to clean than canvas

Base:

- Standard - the PVC or canvas extends to the entire surface of the base of the mat
- Anti-slip - PVC safety mats can have an anti-slip layer sewn into the base to provide additional slip resistance as an optional extra.

Colours:

- PVC - the majority of our customers have standard blue or red, but PVC mats are available in a wide range of colours at no additional charge
