

Basketball 24-second shot clocks - Auto 24

Details

Standard shot clocks for stand-alone usage without integration with a scoreboard. These clocks are operated by their own control panel with radio frequency link to the clocks.

These clocks can be mounted on the floor or on the basketball goals on a bracket behind the backboard. For backboard mounting the additional support brackets must be purchased.

Each clock has an integrated horn.

13amp supply must be provided in the location of each clock.

- Dimensions: 500 x 300 x 65mm
- Digit height: 20cm
