

Basketball 24-second shot clocks - SC24 TSP

24STSC24PRX

Details

Larger SC 24 TSP model shot clocks for integrated operation with a Continental scoreboard. These are radio frequency controlled clocks and are operated by the same control panel that controls the scoreboard.

These clocks must be mounted on the basketball goals on a bracket behind the backboard. For backboard mounting the additional support brackets must be purchased.

Each clock has an integrated horn and a main match time repeater clock.

Available with two power options:

- Mains - a 13amp supply must be provided in the location of each clock
- Battery - requires the clocks to be removed and the integral battery to be charged after each game

Dimensions:

- Dimensions: 840 x 570 x 90mm
- Digit height: 25 and 16cm

SKU	Options	Available Colours
24STSC24PR	Mains	N/A
