

Timber bar box

07510A0XXX

Details

Traditional timber bar boxes manufactured in the UK by Continental Sports Ltd

These versatile, easily moved pieces of equipment have padded tops upholstered in suedette.

They are available in two sizes:

- 0.9m (3') high x 1.4m long - 2 section box
- 1.1m (3'6") high x 1.4m long - 3 section box

The two section box has the option of a lacquered timber platform on the bottom section and the three section box always has a platform on the middle section.

All boxes are available with or without integral retractable transporter gear which enables the boxes to be moved to and from storage complete rather than carried in sections.
