Timber PE plank with blocks

07527A0XXX

Details

Traditional timber plank with blocks on the ends for use in PE for linking and bridging activities.

The planks incorporate blocks at both ends to enable the planks to be secured to other apparatus such as climbing frames, nesting tables, trestles etc. for linking and bridging.

The planks are 20cm wide and are available in three lengths:

- 2.1m (7') long
- 2.4m (8') long
- 2.7m (9') long

SKU	Options	Available Colours
07527A01AA	2.1m (7')	N/A
07527A02AA	2.4m (8')	N/A
07527A03AA	2.7m (9')	N/A
