

Upholstered PE benches

08411A0XXXX

Details

Upholstered benches for PE are strong yet easily moved and are available in a range of bright colours and sizes.

Rubber covered hooks at both ends make the bench ideal for providing sloping or raised platforms when linked to fixed or portable equipment and provide protection from the floor when the bench is inverted. Rubber feet are non-marking.

The tops are padded and upholstered in PVC on a strong epoxy powder coated grey steel frame. The bench can be inverted and the underside used as a 5cm (2") balance rail.

Available in 4 lengths and 4 colours:

Lengths:

- 1.5m (5')
- 2.1m (7')
- 2.4m (8')
- 2.7m (9')

Colours:

- Blue
- Red
- Green
- Yellow
