Padded plank

09408A01AX

Details

Padded planks are ideal for linking and bridging activities

The platform is foam upholstered in wipe-clean PVC with an epoxy powder coated steel frame.

Incorporating rubber hook protectors and safety locks at both ends and rubber covered feet on one end when using the plank on an incline.

The plank is available in 2.1m (7') length which is suitable for linking between a Continental 3-gate Foldaway climbing frame and a wall fixed ladder.

Available colours:

- Blue (standard)
- Red
- Green
- Yellow
