

Wobble boards

08409AXXAA

Details

Wobble boards are ideal for balancing training, physiotherapy, core strengthening and development and for play.

The wobble boards have a sturdy timber surface covered in red leather effect vinyl fixed to a polished stainless steel hemispherical base.

Available in two sizes:

- 0.4m diameter - for individual use
- 0.7m diameter - for two to three simultaneous participants

The smaller board is an individual model, the larger is designed for two to three persons to use simultaneously.

SKU	Options	Available Colours
08409A01AA	0.4m dia. - individual	N/A
