

Safety mat / "crash" mat trolley

Details

This large trolley features removable vertical dividers to enable the storage of 3 large (2.4m x 1.4m x 300mm) safety mats. The central dividers can be removed to enable the storage of more or different thickness mats.

The trolley has a flat bed area of 2.44m x 1.24m. The outermost dividers are removable as well as the inner dividers so the trolley can be used as a large flat-bed trolley if required.

The trolley has rounded corners for safety, and runs on four swivel and two fixed non-marking castors for easy manouverability.
