Multi-height activity areas

Details

Continental Sports has developed a new multi-height trampoline park area incorporating:

- 3 different heights of trampoline
- 3 different heights of rest area
- ramps

All to provide an area for tricking, bouncing and flipping for the more advanced bouncer. Add another dimension of fun to your trampoline park with a multi-height activity zone

These areas, like all of Continental's trampoline park products are fully compliant with PAS5000
