

JOOLA - World Cup 25-S table tennis table

24_JT1129X

Details

The JOOLA World Cup 25-S table is a high quality school / club standard table tennis table. Now with a 25mm thick top, this 25-S version of the World Cup table is ITTF approved.

The World Cup 25-S table is a two-part table with wheels on each half which allows the two halves to be stored close together saving space when compared to a one-part table on a frame.

The table is supplied in blue as standard from stock. Green is available but may be subject to longer lead time - we will contact you to confirm lead time if you specify green.

The table features:

- original 25mm JOOLA competition table top
- extremely fast playing surface through special processed Polyester coating
- sturdy metal 50mm x 20mm frame with 50mm x 30mm legs
- transport system

This table is supplied without a net and post set which must be ordered separately - see the Accesories tab above for our recommendation.

ITTF Approved
