Vaulting table - FIG Approved

Details

FIG Approved vaulting table with monopod leg

Featuring:

- integral height adjustment system using a hydraulic gas strut and ball-race mechanism to enable easy height adjustment
- adjustable in 5m increments between 110cm to 135cm.
- genuine hide upholstery

Please note that the vaulting table is only FIG approved if used in conjunction with the optional padding for the monopod leg which is not included in the price of the table.

The vaulting table is supplied with a chain and turnbuckle for anchoring and requires one floor anchor which is available at additional cost.
