Hand / head balance stand trainers

01110X01AA

Details

This sports acro / acrobatic gymnastics training apparatus is great for practicing and developing strength and balance skills for head and handstand balance work.

Two types are available:

- Double handstand - suitable for handstand in two positions using the integral handlebar grips and timber blocks.
- Head / handstand - suitable for both handstand and headstand using the shaped wooden block

The units are fixed onto a sturdy carpet covered base and the uprights can be set into different positions on the base to provide different widths between the uprights.

As standard the uprights are powder coated in red and the base is upholstered in blue carpet. Other colours are available to suit your facility
