DualTube FIBA 2 ceiling retractable basketball goals

Details

Continental Sports is pleased to offer the Schelde DualTube ceiling retractable basketball goal for facilities that require a goal certified to FIBA Level 2. This is the highest level of certification possible for a wall or ceiling fixed basketball goal (Level 1 is reserved for portable backstop units only).

FIBA Approved

The goal features:

- Tempered glass backboards
- FIBA approved dunk rings
- Backboard padding
- Electric operation from a wall fixed control panel
- Load arrestor freefall safety device

The goal is also available with various options:

- electrically operated height adjustment operation to permit ring heights for senior and junior play
- shotclock brackets to suit any model of shot clock
