Volleyball posts - Continental "Match" model

Details

Ref: 429 "Match" model volley ball posts supplied as a pair complete with nets and integral wheeling system.

Manufactured by Continental, these heavy duty volleyball posts are tried and tested for rigorous play in sports halls and leisure centres. Designed to be extra heavy duty with tighter tolerance adjustment features these posts are ideal for high level match play in the most demanding of institutional settings.

The posts are supplied with a detachable net measuring device to ensure accurate net heights.

The posts are height adjustable for junior, women's and men's volleyball

Each post requires TWO floor fixings which are available at additional cost.
