# Trolley for floor protection products

## Details

This trolley is designed specifically to store 2m x 1m jumbo carpet tiles horizontally. It is also ideal for storing a set of canvas floor druggets.

The trolley has a 2m x 1m lacquered plywood platform and is specifically designed with heavy duty wheels to accommodate the heavy weights of jumbo carpet tiles (7kg per tile). The trolley can hold up to 100 jumbo carpet tiles or 600m2 of canvas floor druggets.

The trolley has two fixed and two swivel wheels for easy manouverability.

Also suitable for other heavy duty loads such as a large quantity of high density judo mats.
