

# Solid grade laminate lockers

310031000

## Details

Continental Sports manufacture and install solid grade laminate lockers for all changing facilities.

- Designed for the harshest of environments
- Ideal for fitness, health and sports centres, swimming pools, hotels, golf clubs, hospitals etc.
- All materials and fittings have been chosen for their strength and resistance to water and humidity
- Extruded aluminium door frame uprights and aluminium bodies are combined with 13mm solid grade laminate doors and end panels. This is 25% thicker laminate than that used by many manufacturers
- Solid grade laminate doors are offered in a wide range of colours - Please refer to our [solid grade laminate colour chart](#)
- Available in a standard 300mm width but also a more roomy and more useful 340mm width.
- Both widths of locker are 500mm deep
- Lockers are supplied on a solid grade laminate faced waterproof plinth
- Attractive effects can be achieved by the use of alternating door colours to create a striped or a chequerboard effect, and banks can also be single colour, or randomly patterned
- Standard tiers are 1, 2, 3 or 4 and tiers can be mixed within a bank
- Our designers will be delighted to help advise on the most attractive and cost effective layouts
- Installation and after sales service is carried out by our own teams of experienced technicians

We offer a range of lock options:

- Hasp lock - for customers to use their own key or combination padlocks
- Cam lock - a simple key operated lock with no restrictions on key retention
- Coin return lock - a key deposit lock with a £1 placed in the lock to release the key which is returned to the user
- Coin retain lock - a charging system allowing the facility to keep the £1 coins used to release the keys
- Digital combination locks - battery powered 10-digit locks for the user's choice of PIN to access the locker

The price of the lockers includes a hasp lock - please add sufficient lock upgrades if you require any other type of lock.

Two end panels are required per bank of lockers that must be purchased separately.

Pricing INCLUDES delivery and installation by Continental's in-house installation teams. Your order will be subject to a modest AREA CHARGE which depends on your location and can be checked using the pricing box to the right.
