

Height adjustable retractable platform

01273X01AA

Details

Adjustable coaching platform for gymnastics apparatus. The platforms have gas struts that automatically retract the platform when the coach or gymnast dismounts from the platform.

Has the dual features of being both height adjustable (as the 273D platform) AND retractable (as the 271B platform).

Available to suit:

- high bar
- ringframe
- uneven bars

Suitable for Continental, Spieth or other manufacturers' equipment - please specify when ordering the brand and item of equipment you intend to use this platform with as we manufacture the steps slightly differently in each case to suit various scenarios.

Available on a supply only basis for self-installation, but we recommend you purchase installation by Continentals' in-house team of installation technicians. Please select Installation or Supply only from the dropdown box. If you choose installation, please also add the "Accessory" of platform installation which will add an "Area Charge" to your basket based on your postcode.

SKU	Options	Available Colours
01273G01AA	Supply only	N/A
