Wall storage hooks / brackets

09410C0XAA

Details

Wall mounted storage hooks for the storage of linking equipment or spare gymnastics high bars and uneven bars

The hooks are mounted on a lacquered timber patress and are complete with rubber covers to protect the items being stored

The hooks are available in the following configurations:

- Single (i.e. one pair of patresses each with one hook)
- Double (i.e. one pair of patresses each with two hooks)
- Triple (i.e. one pair of patresses each with three hooks)

The storage hooks are installed by Continental technicians. Installation cost is included, but an Area Charge is added to your order at checkout to cover the visit to site.
