

Large cube

24CUS5001XX

Details

The Cube is the heart of our innovative modular parkour system. With its up to two meters height it is the jumping-off point for any exciting training spaces.

Features:

- more than 100 plug-in connections for bars and beams
- weatherproofed hi-grip multiplex birch plywood
- sidebars made of solid wood
- glue-laminated and screwed corner joints
- special lamination for a better grip
- safety and stability due to a non-slip underfloor plate
- stable integral, retractable moving device

The cube is available in two variants:

- Standard
- With door

The "with door" version has a removable panel on one side of the cube to enable you to put in additional weights (Item 24CUS2059 –please add to your order), in order to increase stability of the Cube e.g. for professional Parkour shows

PLEASE NOTE: The large cube requires a minimum access door / storeroom door height of 2,070mm
