Details

Use this PVC cover to protect your stored rhythmic carpet from dust and dirt or misuse when it is in storage on a Continental Sports rythmic carpet storage trolley.

The substantial padded ends slot over the ends of the aluminium storage poles and are held firmly in place. These padded ends help protect people and other items in the storeroom from the protruding storage poles.

The cover attaches using VELCRO fasteners attached all around the end pads.

Both ends of the cover feature webbing handles to enable you to move the covered trolley easily.

Available in a huge range of PVC colours to suit your facility and branding.
