Small wall

Details

Inspired by urban designs, this wall is a perfect complement to the Cube facilitating the creation of new, challenging and unusual obstacle courses.

The wall is now available in a cool "Urban" colourway as well as the standard hi-grip plain. The Bricks graphics walls have all sides digitally printed with "Urban" graffitti to provide an exciting, funky look to the Freestyle area of your gym. Urban walls all have a plain hi-grip top surface.

Features:

- 20 plug-in connections for bars and beams
- weatherproofed multiplex birch plywood
- sidebars made of solid wood
- glue-laminated and screwed corner joints
- special lamination for a better grip
- safety and stability due to a non-slip underfloor plate
- stable, integral wheeling device

Also available with the following optional extras:

- "Bed" base section to increase the height of the wall by 200mm, from 0.6m to 0.8m
- Leather covered padded top to turn the wall into a vaulting box
