Retro-fit of a tension clamp padded cover

Details

This item is the INSTALLATION CHARGE ONLY for a padded tension clamp cover to an EXISTING climbing frame with tension clamp.

You must also add the padded tension clamp cover itself to your basket and one of these installation charges per clamp for which you require covers.

Please note that if you are purchasing a new hinged frame and you have added a tension clamp, you do not need to add a separate charge for installation of that cover as it will be installed at the same time as the frame.
