

Freestanding ballet barre

01200X01XX

Details

We manufacture a range of freestanding, height adjustable ballet barre units. Each unit features:

- Epoxy powder coated steel uprights in a choice of colours
- Rubber feet to protect your floor and to aid stability
- Easy height adjustment with thumbscrew locking mechanism
- Solid timber 48mm diameter barre 2m long with clear lacquer

The units are available in three designs:

Single

- Single
- Double-sided
- Dual-height

The barres are all height adjustable and achieve the following heights:

- Single and double-sided - 800mm - 1175mm to the top of the barre
- Dual height - 800mm - 1175mm to the top of the lower barre and 300mm higher for the upper barre

The uprights are available in the following colours:

- Grey (as standard)
- Black
- White
- Pink
