3x3 Street Slammer

Details

The Schelde 3x3 Street Slammer portable basketball goal. Sold individually - price is for ONE unit (not a pair)

This 3x3 unit is perfect for pop-up outdoor 3x3 events - easily transportable and usable without anchoring due to the included counterbalance weights. Can be anchored for regular usage in one location.

Features:

- Projection: 140 cm
- Black safety padding at the front
- Acrylic backboard with black coated frame 180x105 cm
- Sprung loaded dunk-ring included
- 2 swivel wheels at the front, 2 fixed wheels at the back
- 2 retractable feet at the front side for stability and rim height adjustment
- Dimensions
  - Storage: approx. 306x180x183 cm
  - Play position approx. 442x180x395 cm
- Weight: 570 kg

Counterbalance weight for the backstop is included. Additional counterbalance weight cart (325 kg) is available as an optional extra to provide additional stability in the event of slam-dunking

The unit can be anchored using a floor anchor supplied and installed at additional cost
