Reebok deck

Details

Reebok Deck - this versatile, multi-purpose system can be used as an aerobic stepping platform, an incline/decline bench as well as a seat.

The uncompromising design of the RBK Deck enables the performance of free-weight strength, endurance and power exercises that, before its development, were restricted to the gym.

Due to its multi-functional characteristics, it minimises the unproductive time spent moving to and from the next piece of equipment.

The Reebok Deck's versatility is highlighted particularly with the addition of Rep Sets, Dumbbells, Medicine Balls and Powerbags (to be ordered separately.
