Air balance trainer rack

Details

This storage rack is vital for keeping gym floors and workout areas tidy and safe.

All our storage racks are manufactured to the highest level with powder coated steel and are extremely durable. This Air Balance Trainer Rack comfortably holds five Air Balance Trainers or BoSu balls, with an evenly distributed stable footprint.

Features:

- Distance between each Tier: 294mm
- Ideal storage solution for Air Balance Trainers
- Stores up to 5 Air Balance Trainers
- Evenly distributed weight throughout the footprint
- Manufactured from powdered coated steel: extremely durable

PLEASE NOTE: This is the rack only. Air Balance Trainers / BoSu balls are not included and must be purchased separately
