

Studio Vinyl Fitness Mat

OFVMV1XXX

Details

Vinyl Studio Fitness Mats are perfect for any general purpose exercise use in a studio, gym or home from beginner to expert levels.

The thick cushioning system provides a more comfortable and extended length of workout, with two different surfaces on each side, both are textured - but in different ways. This adds excellent grip in desired places where needed.

The mat has eyelets at 36cm spacings for use with a freestanding or wall mounted mat hanger for tidy storage.

Manufactured from Vinyl, this mat is extremely easy to maintain and clean.

Available in two colours:

- Blue
- Grey
