Softplay Funtime Cylinder

Details

Softplay Funtime is an innovative range of softplay, carefully designed for children under five. The colourful shapes are appropriately scaled in size to suit this age group.

Children can use their imagination to build their own structures from the numerous shapes whilst developing gross motor skills.

Features of the Cylinder:

- Foam Inner with heavy duty PVC cover.
- Size: 1000mm long x 250mm dia.
- Colour: Yellow/Red.
