Elite fixed speedball platform

2400AD707X

Details

The Elite Fixed Speedball Platform is UK made and is ideal for any boxing club, commercial facility, or home gym.

Constructed using 6mm laser cut material supporting a 30mm thick birch plywood board and a dual bearing swivel to ensure the platform remains stable during use and to also provide a perfect rebound from the speedball.

This product is secured to a solid wall/surface with 5 fixing points to ensure it will never fail and is supported by a commercial lifetime warranty on the main frame.

Available:

- WITH speedball and swivel
- WITHOUT speedball and swivel
