# Floor boxing ring - freestanding

2400AD7XXX1

## Details

A freestanding boxing ring - perfect for facilities with shared usage.

This four rope boxing ring takes approximately 20 minutes for two adults to fully assemble so it is ideal for clubs that have to take down the rings at the end of each session.

The powder coated steel frame is designed to withstand being assembled and taken down regularly, whilst maintaining its rigidity. The box frame surrounding the ring provides rigidity and stability meaning this ring does not require bolting to the floor.

The ring is available in the following sizes:

- 12ft (10' inside)
- 14ft (12' inside)
- 16ft (14' inside)
- 18ft (16' inside)
- 20ft (18' inside)

The ring is supplied complete with:

- 20mm Jigsaw matting flooring
- Ring ropes
- Rope covers
- Ring rope tensioners
- Rope tensioner covers
- Rope separators
- Corner post protectors (1x Red, 1x Blue, 2x White)
