

Competition boxing ring

2400AD72XX

Details

Competition Boxing Ring - This ring is designed in line with the England Boxing specification for club competitions and events. Four-rope complete competition boxing ring with a 36" high platform. The powder coated steel corner posts are designed to improve the durability of the ring and increasing its life span. The under frame is lettered and numbered to speed up and simplify assembly. The ring is also designed and engineered so that a 2-man team can assemble it in around 2 hours. The ring will also fit inside a Transit size van if moving to different venues.

Available sizes:

- 16ft (14' insige)
- 18ft (16' inside)
- 20ft (18' inside)

The ring includes:

- 36" Platform
