

Sports hall clocks

240EAC05XX

Details

We offer a large open faced sports hall clock:

- 610mm (24") x 610mm (24")

These large wall clocks are square-framed and ideal for sports hall use

The clocks feature white dials printed with black number and minute marks

The clocks are available in two power types:

- Battery powered
- Mains powered - power to be wired to the centre of the rear of the clock

We recommend the optional wire mesh protection guard is purchased when the clocks are located in sports halls where impact with balls is possible.

Features:

- Hour and minute hands
- 50mm deep
- 75m viewing distance
- For indoor use only

PLEASE NOTE: Prices shown are for supply only. If you would like your clock to be installed by Continental technicians, please add the item "SCOREBOARD / SHOT-CLOCK OR CLOCK INSTALLATION" to your basket. If you select a mains powered clock, you are responsible for providing a 13amp power supply to the location you require the clock.
