Matrix Performance Recumbent Cycle

MXPERFRCXX

Details

Make low-impact cardio workouts accessible to everyone with the ultra-durable Matrix Performance Recumbent Cycle.

The recumbent design features an ergonomic seat and back that distribute weight for superior support, stability and comfort.

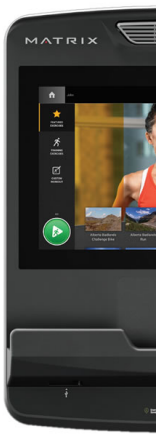

The seat adjusts easily with just one hand to fit each new rider, while low step-over height, oversized self-balancing pedals and low-watt starting resistance make it easy for virtually anyone to have a superior low-impact workout.

The robust components withstand intense environments and heavy use for years, and smart features like top-down leveling, an integrated transport handle and a three-piece crank with forged arms streamline service and maintenance.

Features:

- 17.5 cm / 6.9" pedal spacing
- 182 kg / 400 lbs. max weight capacity
- Self-powered options

The Matrix Performance Upright Cycle is available with a choice of four consoles:

			
Standard LED - easy to read simple display with large numbers	**Group Training LED** - large easy to read LED screen with features to assist with group exercise classes	**Premium LED** - featuring an 8,000 pixel multi-colour LED screen with WiFi connectivity	**Touch LCD** - full colour, display including Virtual sessions
