

Sports court number signs

158222A00

Details

Continental Sports' sports hall court numbering signs provide a smart, durable method of numbering the courts in your sports hall (or squash club, or tennis club, or any sports facility with courts or pitches!)

The HDPE material is entirely waterproof and weatherproof so the signs are suitable for indoor or outdoor use, so these signs are also perfect outdoors for padel courts, tennis courts, or similar. The signs can also be supplied with "Pitch" in place of "Court" for use at indoor or outdoor five a side or futsal centres.

Each court number sign measures 395mm x 395mm with a bevelled edge.

Manufactured from 19mm thick HDPE (High Density PolyEthylene) the panels are supplied in packs to suit most typical sports hall sizes:

- 4-badminton court hall (court numbers 1 to 4)
- 6-badminton court hall (court numbers 1 to 6)
- 8-badminton court hall (court numbers 1 to 8)

Please contact us for special pricing for alternative numbering or text.

The text is created by permanently routering the coloured HDPE from the top surface to provide a recessed number that cannot be damaged by impact from sports hall projectiles.

The signs have holes in the corners and are supplied with plugs and screws to enable permanent fixing to a suitable wall.

As standard the signs are provided in BLUE with YELLOW text, or BLACK with WHITE text.

Blue and yellow

Black and white

PLEASE NOTE: alternative colours and bespoke branding is available at additional cost. Please contact us with your requirements for a bespoke quotation
