

## Easijust portable basketball goal

## **Details**

The Easi Just Basketball Hoop and Stand - with an easy to use height adjustment system.

Ideal for youth and senior players alike; the Easi Just includes a handle adjustment system that allows the height of the backboard and ring to be adjusted with the simple turn of a handle. This system allows the height to be set anywhere between 7'5" (2.3m) for younger players to the official height of 10' (3.05m) for senior play. The adjustable rear pole also includes markings to help identify the height of the unit.

## Features:

- The Easi Just includes an acrylic backboard measuring 110 x 75cm with red trim and shooters square. The backboard is designed to be durable but lightweight making height adjustment easier.
- For added safety the unit includes backboard padding on the base of the board.
- The unit includes an 18" (45cm) steel ring with springs included beneath the ring plate to give a flex ring effect. A white 12-loop nylon net is included as standard.
- The backboard and ring are set on a sturdy 3-piece steel pole that includes pole padding as standard for added player protection during play.
- The unit includes a moulded base that requires water or sand (NOT PROVIED) for stability when is use with two wheels included for easy movement.

The Easi Just is approved by Basketball England and therefore is complete with a Basketball England logo.

**PLEASE NOTE:** These units are sold INDIVIDUALLY and NOT in pairs.
