On site trampoline assembly

Details

If access is too small at your premises for delivery of a fully assembled trampoline frame, or if your access stairs have a return, or if there is more than one flight of stairs, we can deliver the trampoline in parts and fully assemble it on site.

To do this we provide a delivery driver and trampoline assembly technician who undertake the complete delivery and assembly process.

The price shown is PER TRAMPOLINE and in addition an "Area Charge" will be added to your basket at checkout based on your location. You do not have to commit to purchasing until you see that charge.
