# AirTrack200

240ATXX020

## Details

Continental's AirTrack200 provides a mid-range track suitable for a wide range of activities and tumbling abilities.

The track is easy on the body at lower pressures and similar to a gymnastics sprung floor at higher pressures, so is suitable for recreational groups as well as higher level gymnasts

The AirTrack200 tracks are all 2m wide x 200mm deep and are supplied complete with an **included blower**

We recommend using the AirTrack200 on top of either a carpet bonded foam ("Tribond") roll area or a gymnastics sprung floor rather than directly onto a hard sports hall or gym floor.

The AirTrack200 is available in the following lengths:

- 4m
- 6m
- 8m
- 10m
- 12m
- 15m

| SKU | Options | Available Colours |
|---|---|---|
| 240AT04020 | 4m | N/A |
| 240AT06020 | 6m | N/A |
| 240AT08020 | 8m | N/A |
| 240AT10020 | 10m | N/A |
| 240AT12020 | 12m | N/A |
