

AirTrack300

240ATXX030

Details

Continental's AirTrack300 provides a hi-level track suitable for a wide range of activities and tumbling abilities, suitable for everyone from training skills to pro athletes and tumblers developing and demonstrating their skills

The 300mm thickness permits safe use on all floors - either on top of gymnastics floor areas, on carpet bonded foam ("Tribond") rolls or directly onto smooth flat sports hall or gym floors.

With the **included blower** you can modify the air pressure to suit a wide range of users by providing a range from a slow and easy bounce for kids to have fun right up to a high pressure firm, fast, technical bounce for pro gymnasts.

The AirTrack300 tracks are all 2m wide x 300mm deep and are supplied complete with an **included blower**

The AirTrack300 is available in the following lengths:

- 6m
- 8m
- 10m
- 12m
- 15m
