

Impulse IF93 Arm Curl

Details

Impulse IF93 Arm Curl machine

The arm curl is ideal for building biceps. The handlebars have been lengthened to ensure the users arms are shoulder width apart for comfortable use and to help prevent injuries.

This arm curl machine is specifically designed for entry level studios and commercial gyms and offers a complete functional package that is easy to maintain.

The specially designed pads have different angles to allow them to suit different users to target muscles with greater effect through a full range of motion.

Key Features

- Ergonomic back pad design for comfort
- Adjustable pads to suit all user heights
- Equipped with specially designed cup holder

PLEASE NOTE: This item is delivered flat-packed and requires some self-assembly. Please contact us if you require a cost for installation and commissioning in your facility
