

Base padding for "Match" model volleyball posts (PAIR)

08429E01AA

Details

These base pads are designed to cover the bases of the floor anchored Continental Sports "Match" model volleyball posts.

The bases are manufactured from a laminated timber frame covered in polyethylene foam and upholstered in PVC.

The bases drop over the base of the "Match" volleyball posts and are held in place by the base and wheels, requiring no additional fixings.

Post padding (purchased separately) is necessary to enable these bases to function correctly

Available in your choice of 28 PVC colours and also full colour digitally printed versions. If you specify digitally printed, the image is printed on the top of the bases - we will contact you with our requirements for the graphics image file we require on receipt of your order.

PLEASE NOTE: Post padding (must be purchased separately) is necessary to enable these bases to function correctly and is **NOT INCLUDED** in the price of the base padding
