KEEPSAFE - Free Lockers for Schools

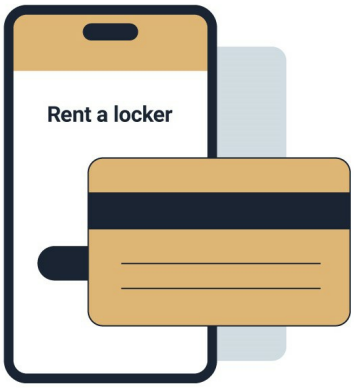

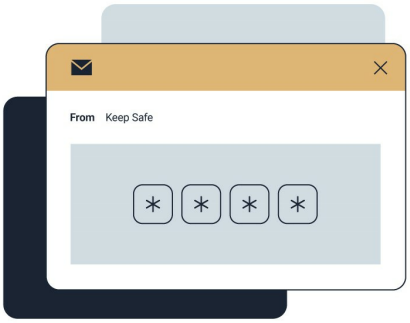

Details

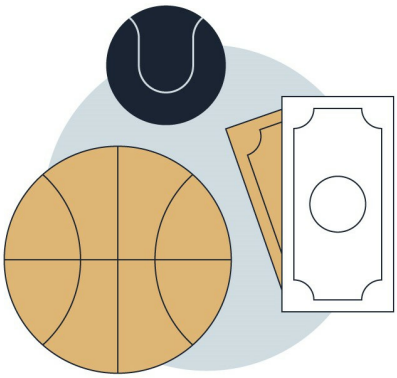

We are delighted to work in partnership with Keep Safe Lockers Ltd - FREE LOCKERS FOR SCHOOLS to provide lockers to schools at **ZERO COST** to the school.

- Keep Safe Lockers provides mild steel 3-tier lockers with combination locks to schools **FREE OF CHARGE**.
- Keep Safe Lockers charges the parents of children who want to hire a locker for a school year.
- The lockers are installed and maintained by Continental Sports' UK-wide maintenance technicians and service engineers.
- The locker rental and charging system is managed by Keep Safe Lockers.

If you would like to discuss having lockers in your school **FREE OF CHARGE** please send an enquiry to Continental Sports or Contact Keep Safe Lockers (don't forget to say you were introduced by Continental Sports to enable your sign-up incentive!)

How does it work?

	Following a site survey we confirm the quantity of lockers that can be accomodated in your school. We can remove and dispose of tired old lockers if required. Our technicians install brand new lockers: • 3-tier lockers (large compartents for all pupil needs) • Sloping tops to prevent storage on top of lockers • A range of attracive colours with an anti-bacterial finish • Combination locks with code changes available by email
	Parents (or pupils theselves) access our Smart Portal to select a locker and hire it for the school year. Payment is taken by credit card or debit card and can be paid in 3 monthly installments.
	Details of the allocated locker are emailed to the parent / pupil including a locker access code which operates the locker until the end of the school year. Access codes are automatically changed without user intervention ready for the start of each school year when lockers are re-allocated to new hirers.

	Installation, maintenance and service of the lockers is carried out by Continental Sports team of installation engineers and maintenance technicians. Management of the locker rental process is carried out by Keep Safe Lockers
	Sign-up incentives are available - discounted sports and PE equipment in return for signing up with Keep Safe Lockers. In addition, rebates are available for customers after 3-years working with Keep Safe Lockers. Contact us for more details
