Rocker lever

Z126100010X

Details

These rocker levers are used on various items of Continental Sports' gymnastics apparatus.

They are supplied with the necessary spring and hinge pin

We make these in two types so please ensure you purchase the correct version:

- WITH a groove in the pin - for uneven bars, high bar
- WITHOUT a groove in the pin - for pommel horse, vaulting horse

PLEASE NOTE: It is essential that you replace the rocker lever with the same type - so please check which type you have and select the correct version before purchasing

SKU	Options	Available Colours
Z126100010G	WITH groove	N/A
Z126100010N	WITHOUT groove	N/A
