Heavyweight football goals - socketed - 9v9

Details

Entry level 9v9 Socketed Steel Football Goals ideally suited for school and junior club use.

Unique hexagonal rivet fixing provides 12mm of thread to prevent cross threading and gives a secure fixing.

Fully welded crossbar corner joint provides strength and safety.

Specification:

- Size 4.88m x 2.13m.
- Uprights & crossbars made from 60mm diameter steel.
- Sockets with 65.9mm internal diameter with internal bar allowing uprights to sit 310mm deep into socket.
- Polyester powder coated white.
- Complete with 2.5mm polypropylene 9v9 nets
- Complete with two pairs of tubular steel "Continental" net support brackets

PLEASE NOTE: These goals are supply only and require the sockets to be set into substantial concrete blocks under the ground by others.
