

MATRIX

GROUP TRAINING LED CONSOLE

Now you can keep every member of your class in sync with a console made specifically for the needs of group exercise.

Make group training smoother and more rewarding with our Group Training LED Console. The interface is easy to navigate, and smart features help participants of all ages and stages stay in sync with instructor cues. Add optional WiFi to work with Connected Solutions like Personal Trainer Portal, Workout Tracking Network and Asset Management.

Preset low, medium and high intensity levels let participants instantly adjust to programming changes and help trainers accommodate participants of different ability levels in the same class.

One-touch speed, incline and resistance controls make it easy for participants to quickly adjust their challenge level to follow instructor cues.

Optional RFID login offers a quick, totally touch-free way for members to get started, streamlining group exercise classes.

MATRIX
