

MATRIX

PREMIUM LED CONSOLE

Rediscover the simplicity of the classic LED console, now with more engaging color and detail than ever.

Give members the intuitive navigation of an LED with a more engaging look. An 8,000-pixel display fills the screen with color and sharp graphics, providing clear, easy-to-read feedback in large numbers and letters. Convenience features like optional RFID login, headphone jack and reading rack for personal devices make workouts seamlessly smooth.

Included WiFi compatibility lets you connect in the way that works best for your facility, supports automatic software updates at no charge to your facility, helps members track workouts and makes it easy for you to monitor equipment status.

Optional RFID login offers a totally touch-free way for members to get started.

An engaging LED version of our Sprint 8 sprint-intensity program stimulates natural human growth hormone to burn more fat and build lean muscle in short 20-minute workouts.

MATRIX

PREMIUM LED CONSOLE

WiFi-enabled Premium LED Console works with select products from the Matrix Connected Solutions portfolio, including Personal Trainer Portal, Workout Tracking Network and Asset Management.
